**Time to  
Hear Again**

# BeHear® SMARTO

is a powerful, easy to operate hearing amplifier for people with mild to severe hearing loss.

Use it right out of the box to improve understanding of live conversations, cell phone calls, and TV audio.

Adjust the volume, bass/treble balance, and sound source focus using its large, colorful buttons.

## Advanced hearing aid technology at an affordable price

- ▶ Up to 70dB hearing boost
- ▶ Loud and clear mobile calls and audio play via Bluetooth®
- ▶ Programmable emergency call button
- ▶ Two types of headsets included (in-ear and on-ear)
- ▶ 40 hours of use in a single charge
- ▶ The only programmable personal sound amplifier (PSAP) on the market
